# Economic Development Consulting

Companies face challenges to improve their overall performance of localization and organisations when they operate in different countries such as having the right strategies to comply with the regulations and their Group policy.

**M2A Business Consulting assists clients in developing their strategies and evaluates all critical business factors such as:**

- ✓ Employees
- ✓ Logistics
- ✓ Operational costs
- ✓ Customers efficiencies
- ✓ Infrastructure
- ✓ Business climate
- ✓ Economic incentives

“ We will use the best approach to optimize the costs and improve financial performance of our clients. ”

# Tax Advisory

Tax issues are a crucial component in any company's operations. With tax regulations growing more complicated and tax officials becoming more diligent in carrying out audits, failure to comply with tax regulations could lead to significant financial exposure and cost.

Our tax specialists are fully knowledgeable in indirect taxes, corporate taxes, and international tax such as Transfer Pricing Model. Managing your taxes effectively requires deep knowledge of your business model, internal organization and supply chain and of the industry in which the client operates.

- ✓ We will review the computations and report on any tax exposure issue and advise on the way forward.
- ✓ Preparation of a report on any tax exposure issue and advise on the way forward.
- ✓ Determination of any tax opportunity which the client may have and is currently not exploiting.
- ✓ Work out tax planning that will ensure the client's tax compliance and efficiency.
- ✓ Communication on any development and change that have tax implications on the client's operations.
- ✓ Prepare Transfer Pricing Models according to the client requirements to comply with cross borders operations.

# Accounting Advisory

Accounting is the fundament of every organization and with modern technologies, accounting system is taking a place in the day to day running of each organization.

At **M2A Business Consulting**, we have dedicated staff to work alongside our clients to improve the accounting knowledge and approach. Our services enable the client's potential losses and potential improvements such as proper inventory monitoring, ensure sales are properly recognized, provide financial advice about the performance and position of the company. We provide a full assessment on the client financial data and we accompany the client with adequate training and coaching to direct the business endeavors.

Our team is dedicated to work with the client to find out where the client is making or losing money and assists the client to have a proper cash flow monitoring.

# Business in Africa

Move to the leading Business  
Continent

Our Business  
partners

Africa is the leading Business Continent in different sectors such as manufacturing, real estate, mining, consultancy, road infrastructure and petroleum. The Continent has 54 countries with a population of 1.2 Billion. Like everywhere else in the world, technology is improving people's lives in Africa and mostly all countries in the world would like to have their footprint in Africa.

**M2A Business Consulting** is well positioned throughout the African Continent to accompany companies to expand their business in Africa. We are present in Mali, Democratic Republic of Congo, Burkina Faso, Mauritania, Senegal, Ivory Coast, Kenya, Madagascar, Tanzania, South Africa, Botswana and Namibia.

We provide a hand in hand service to our clients setting up in Africa from preparing business plans to implementing strategies. In addition, we ensure that our clients satisfy the requirements within the legislation they are operating.

- ✓ Company incorporation and legal advice in regards to the Constitution of the company.
- ✓ Assist the client in having the registered identification number and Tax Account Number.
- ✓ Ensure the client have all necessary registered documents to operate in the country.
- ✓ Assist in bank account opening.
- ✓ Accompany the client developing the business on the local market.
- ✓ Assist the client in preparation of financials, tax returns and other statutory returns.

# Occupation and Residence Permits

**M2A Business Consulting** provides a comprehensive package in assisting investors, professionals and self-employed for the application of Occupation and Residence Permits in Mauritius. We provide care, attention and assistance to our customers all throughout the application process. We also liaise with the different stakeholders such as the Economic Development Board on behalf of our customers.

# Our ethical policy

M2A Business Consulting aims to ensure that we maintain the level of professional integrity with all our stakeholders with whom we interact and we take great care to ensure the client's confidentiality. Our objectivity and our independence are hallmarks of everything we do.

**M2A Business Consulting** will not provide or assist any organization which fails to uphold human rights or which is involved in any suspicious transactions.

**M2A Business Consulting** success is built on the principles of fair dealing and ethical conduct.

We comply with applicable laws and regulations and expect our employees to conduct business in accordance with the letter, spirit and intent of relevant laws and to refrain from illegal, dishonest or unethical conduct.
